EUAM IRAQ AND THE INTEGRATED APPROACH

The EU's integrated approach to external conflicts and crises aims at **fostering human security by drawing on all relevant EU tools and policy instruments.**

In this way, **EUAM Iraq collaborates closely with the EU Delegation to Iraq, the EU Member States Embassies and other EU actors** to join our efforts and tap into synergies for assisting Iraqi institutions and allowing for institutional reform.

An **example of our integrated approach is the CT JUST programme.** A comprehensive training aiming to empower and enhance the capabilities of the Ministry of Interior staff in dealing with counter-terrorism efforts. It is led by the European Commission's Service for Foreign Policy Instruments and organised by EUAM Iraq, and the EU Delegation.
